You Want the Right Kind of Clothes This Spring

And we want you to have them. The new things are now arriving; we're ready to give you an early look at the best clothes ever shown. We've made preparations for your needs as carefully as if you were the only customer we had.

You're not the only one; you may even go somewhere else for your clothes; but this is the only store where you can get our kind of clothes.

Hart Schaffner & Marx

make our finest goods; they're the cheapest clothes you can buy; not because they're the lowest in price, but because you get more for every dollar you pay than in any other clothes made.

Before you decide on your Spring suit see these.

Suits \$20 and up

In preparing our spring stock we have not forgotten the little chaps. Our Widow Jones Knickerbocker Suits for boys surpass anything we have ever shown before for style, workmanship and perfect fit. Mothers, bring your boys here for their clothes. We can dress them up in full, with prices that

please you and clothes that please the boy.

Boys' Waists, Shirts, Collars, Ties, Shoes, Hats, Knickerbocker peg-top Pants, Children's Rompers, and Caps of all kinds.

Our Boys' and Children's Department this year surpasses any of the previous years.

PROBLEM OF THE PHILIPPINES

PROVE WHITE ELEPHANT TO UNCLE SAM—ISLANDERS WANT INDEPENDENCE.

(By A. J. Jones.)

Washington, March 18.—The future of the Philippine Islands is to be given consideration by the democratic majority of the congress, it

plans now formulated by democratic representatives interested in the islands carry at one of the next caucuses.

What the democratic members of the House and Senate desire is the creation of a neutralization of the islands by a treaty to be negotiated by the world powers. It is their wish to make of the Philippines a government similar to that of Switzerland with all nations of the world pledged to its maintenance.

Three democratic members most deeply interested in the program are Representative Cox, of Ohio, Representative Cline, of Indiana, and Rep-

resentative Martin, of Colorado. The latter directed attention to the Philippines in the last congress in connection with the sale of vast tracts of Friar lands to former officials of the American sugar trust. The sale was held to be legal by the republican majority of the last congress, condemned by the then democratic minority, and Representative Martin has begun the unwinding of the legislative red tape in this session to have similar sales estopped by legal enactment.

Representative Cline is the author of a resolution introduced in the last congress, granting independence to the islands.

Representative Cox has an enterprising wedge for Philippine independence in his resolution calling upon the war department for an itemized statement showing the cost to the United States of the islands since the Spanish-American war. He is of opinion that the islands have not been of the slightest value to this country and would prove a serious menace in the event of war with Japan. Military experts of all world powers are of opinion that the Philippines are the weak spot in the defense of the United States should a war involve this country. These experts predict that eventually the United States will have to fight Japan.

War with Japan would mean the loss of the islands within a week, for in that period of time Japan could rush more soldiers into the islands than we have in our regular army and militia organizations combined. The United States would of course never cease fighting until the islands were regained. A war under these conditions, said Representative Cox, would have one of two possible endings. First, a long drawn-out fight that would seriously attack the resources of the nation and prove far more costly than the civil war, or else a defeat such as no proud nation has ever felt in the world's history.

The Filipino people are "crazy" for independence. They want an independent form of government that will be guaranteed by the world powers. They will not take kindly, however, to Japan being a signer of such a treaty. The Filipino people are suspicious of the Japanese and the Filipino nightmare is that the islands may some day belong to the Japanese.

Up to the present, Congress has been unable to get the slightest idea of what the Philippines have cost. It has been estimated that the early days of the Philippine occupation cost the United States \$1,500,000 each day to maintain its army and navy.

"If the American people can be shown in figures the expensiveness of the Filipino government to the United States," said Representative Cox, "there would be a sweep of public opinion to unload the islands and let them paddle their own canoe as an independent republic."

There are rumors in Washington that the house democrats are to make a sweeping inquiry into the conduct of the Philippine government since the occupation, a government that has at all times been under republican control. Suspicions of graft are being whispered constantly, and it seems to be the consensus of opinion here that there must be some fire as there is plainly so much smoke.

A quiet inquiry is being made by democratic congressmen into some of the phases of the graft charges, and it seems possible that an investigation committee will be sent to the islands to look into the conduct of affairs. Certain it is that the government is not an economical one. The American members of the Philippine commission, drawing annual salaries of \$5,000 all get at least \$10,000 extra for other offices they hold. They have houses to live in, are allowed all kinds of carriages and servants, and live off the fat of the land. So often is the "carriage graft" in the islands, it is said, that there are always sixty carriages at the city hall in Manila which are at the disposal of the city employees.

CITY DADS IN WEEKLY SESSION

Referendum Petition of North Side Residents Declared Filed Too Late.

The citizens of the north side, who are protesting against the vacating of Stockton avenue for depot purposes, are having rough sailing in getting the question submitted to the people for a vote. The first referendum petition was not according to form, and the one filed last evening was held by the city attorney not to have been filed within the prescribed time, thus killing it a second time. Charley Rinard filed a protest against F. S. Houpt, Henry Collins and L. J. Crowder serving on the board of appraisers of the damage to the property on the north side, alleging that Houpt was disqualified by reason of being a property holder of West Main street, Collins had not qualified in the prescribed time, and Crowder was a member of the council that first took up the depot proposition with the road. However, the protest was not signed by any one, and no action could be taken on it.

The city engineer filed a report estimating the cost of grading Stockton avenue from Main to 12th streets at \$349.

The much discussed and vexed question of levying an occupation tax was taken up and the ordinance passed with some amendments. Among these was one cutting the license fee on one horse transfer wagons from \$25 per annum to \$12.50.

The petition of J. L. Barringer to have a tract of land thrown out of the city limits was referred to the ordinance committee.

Policeman Walker's resignation was accepted and J. J. Huggins elected in his place.

The services of a sanitary officer were ordered dispensed with.

BERT LEIGH—THE

MAN ON THE BOX

"The Man on the Box" which comes to the City Hall Theatre to-night, has the distinction of having the handsomest star, now playing off Broadway. Bert Leigh, of whom we refer, is not only a good looking chap, but he is an artistic actor in every respect. Mr. Leigh spent three years on his father's ranch, out in Arizona, just after his college career was over. He is a horseman of no small note, and as an all round athlete he has few equals. Mr. Leigh took up the stage work, from the love of art and he has made a wonderful success in his chosen profession. All the supporting company are real artists in their parts.

America's Best Comedy.

"The Man on the Box" which is to be presented at City Hall opera house tonight by Bert Leigh and supporting company, has been styled "America's best comedy." It has always been a prime favorite with theatergoers since first produced by Henry E. Dixey. The play amuses by mirth of genial whimsicality and holds the interest upon the disentanglement of its situations, as a well made play should. The characters are drawn with the human touch of good comedy. If you have read the book, you should surely see the play, as the dramatist has followed the lines of the novel very closely.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and hair restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at fifty cents a bottle. Special Agents, Gwin & Mays Drug Co.

ment Co., stated that in the main it is true, but that only a tentative agreement has been entered into yet and it will probably be ten days or more until the matter is finally settled. He states that the plants to be dismantled will be in the sections where they are most numerous, and that the Ada plant, being in such a strong strategic location, must of necessity be operated to its full capacity at all times in order to supply this territory.

Now that garden time has arrived chickens are coming in for a share of attention. Chickens and gardens do not go well together, and those with gardens never look very kindly on the depredations of their neighbors' fowls. In view of the ordinance forbidding chickens from running at large and the authority given a person to kill every chicken found on his place, many fowls will doubtless disappear in broad daylight, and more than one stew be cooked with an unwilling neighbor furnishing the bird.

ROFF MAN OPPOSES THE AIKEN BILL

To the News:

I wish through the columns of the News to express my objections to the Aiken Bill.

The fourteen schools which this bill seeks to abolish are the schools of the common people, and were established so that all classes may receive an academic education at very little cost to the state and to the pupils who attend these schools.

These schools were located in different sections of the state so as to be convenient to the people of all sections of Oklahoma. These schools are not the schools of the rich and the millionaire, but the schools of the hard working taxpayers.

The Aiken Bill in its wanton destructiveness, is the worst sort of vandalism of any age. In A. D., 455, the vandal king, Geiseric, captured and sacked Rome. For fourteen days and nights the Imperial city was pillaged and the vandal ships were loaded with the works of art and literature. But the institutions of learning that were robbed by Geiseric and his vandal horde were institutions of aristocrats and nobles. The buildings were not destroyed. These institutions were not institutions of the common people—the taxpayers. Vandal Aiken and his misguided followers are spending weeks circulating petitions to destroy fourteen of the most valuable schools of Oklahoma.

But the taxpayers are studying the effect of this bill if it becomes a law, and will defeat it at the polls. Not a single taxpayer of Pontotoc county should cast his vote for this bill.

C. J. MOORE, Roff, Okla.

To stage a picture with 1,000 performers is a gigantic undertaking, but that is what was done to produce the big battle scene that will be featured at the majestic this evening. The scene represents a hard fought battle in the Civil war. Every move is highly thrilling and the deeds of heroism performed are enough to stir the blood of the coldest person on earth. In one part of the scene, a powder train is attached and all but one wagon wrecked. The driver is killed, and it remains for a brave young soldier to take his place and drive the powder safely through the burning woods to his comrades, supplying them in time to turn the tide in their favor.

Having wound up the civil docket as far as set, district court adjourned yesterday until Wednesday. At this time Judge Rainey will preside in some cases in which Judge McKeown is disqualified, and at the same time the latter may take up other cases, thus giving Ada two district courts at the same time.

ADA COMMERCIAL COLLEGE OPENS

The Ada Commercial College opened its doors this morning and President Lemon expresses himself as being well pleased with the outlook. At present the faculty consists of three members, Pres. J. A. Lemon, Prof. Stone and Miss Virgie Fletcher.

The school occupies the eight rooms over the Houpt & Rayburn and Bat Roach buildings, and is very conveniently arranged in every particular. It is ample for the accommodation of a large number of students. The school will be a splendid addition to the educational facilities of Ada.

EXPLODING BOILER WORKS DESTRUCTION

Santonio, Tex., March 18.—Twenty-five men were killed and many injured by the explosion of a locomotive boiler near the Southern Pacific roundhouse at 8:50 o'clock this morning. Nearly all of the killed and wounded are strikebreakers.

The explosion wrecked buildings within three blocks of the roundhouse. The locomotive boiler was blown three blocks and the roundhouse and copper shop practically destroyed.

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruptions or disease. Book on the blood and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

stroyed and the men in them hurt by falling walls.

Walter Jourdan, the engineer in the cab when the locomotive exploded, has been identified.

The army hospital corps rushed to the yards and police and ambulances and Y. M. C. A. workers organized in rescue bands to dig out the dead and try and save the fast ebbing lives of the many wounded. Many of the dead are so badly mangled that identification is extremely difficult.

Fifty persons were injured and four buildings wrecked, men in them being blown to fragments. Portions of bodies were found three blocks away. An investigation will begin immediately. Nothing was left standing of the engine except the drivers and bed plates. The tender shot 150 feet along the track. Parts of the machinery flew 1000 feet in the air and rained on adjacent buildings. Inside the machine and blacksmith shops the men never knew what happened. Fourteen were dismembered, the limbs being ground, jammed in crevices in the roof or entangled in the machinery. The walls fell in, burying twelve.

The feed pipe through which the engine gets fuel oil was broken and spouts of flames added to the disorder.

Perhaps the most seriously injured

of any of the residents in this district was Mrs. B. S. Gillis, 62 years of age who lives seven blocks from the round house. The end of a locomotive crashed through the roof and through the floor, demolishing three rooms.

There were many pitiful scenes as women came upon the bodies of husbands in the twisted mass of debris.

THE WORLD'S BEST PICTURES

Vitagraph's Great Military Drama,

THE BATTLE

1,000 PEOPLE IN THE CAST

We see the ardent spirit of patriotism in those memorable days of the great war between the North and South.

We see the young soldiers, so brave and so gay, handsome matrons and maidens fair, sorrowing and cheering by turn.

Scarcely have we absorbed the martial spirit of the picture, when we are hurried into a battle with stirring incidents, the grouping of the soldiers in the trenches, their unremitting fire; the martial fury of the officer are shown with realism that produces a perfect illusion.

We see thrilling dash of the powder wagons through the burning woods—several of the wagons are wrecked—through the heat. At last only one remains, the driver shot to death on his seat, when a young soldier grasps the reins, and, in the face of mortal danger, brings the powder wagon through the burning road, brings victory of defeat and saves the day.

"THE BATTLE" is a perfect picture in a splendid frame, and is produced on a scale of magnitude that has never been equaled.

NOTES FROM STATE DEPARTMENT OF EDUCATION

Oklahoma City, Mar. 19.—To day contracts for summer normal institutes have been approved for the following counties:

Caddo, Comanche, Greer, Harper, Kay, Lincoln, Mayes, McIntosh, Noble, Oklahoma, Okmulgee, Osage, Ottawa, Pottawatomie, Tillman, Washington and Woodward.

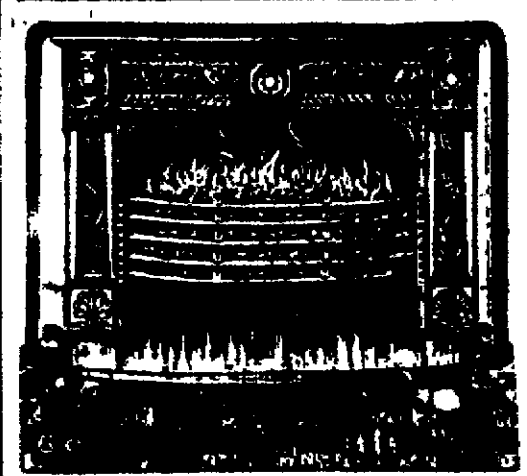

Under the law all contracts must be approved before the first Friday in April.

From reports received by Supt. Wilson, is estimated that about two thousand teachers will take the spring examination for county certificates to be held April 25th and 26th. More teachers take the April examination than any other; the June examination is a close second.

The course of study for the common schools, school legislation, uniform system of carrying credits and uniform clerks and treasurers records are important subjects to be discussed at the state convention of county superintendents to be held at Oklahoma City, May 8th and 9th. This is the second meeting of the association and reports indicate that almost all county superintendents will be in attendance. The state spelling contest is scheduled for 4 o'clock, May 8th.

In spite of the opposition of designing persons who have done everything they could to hinder and handicap the state board of education even to the extent of sending misrepresentations to educational papers outside the state, "It appears that the board has succeeded in securing the services of one of the biggest and best men in the United States for president of the university. Dr. Brooks is recognized by all as an able man and a leader in his profession. Under his direction the Oklahoma university will soon become one of the great universities of the Nation.

Heat is what you want when you buy Coal—not ashes and clinkers. The Coal you buy from us is handled by us simply because we have made a thorough investigation of the fuel question and know that the DEWAR Soft Lump Coal actually carries more heat units than coal from any other mines.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood. The skin must be cured through the skin. The germ must be washed out, and so-called skin diseases have been found to be cured by the use of this remedy. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of white-green, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema."

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

When the Wise Guys Were Caught.

Their little sell in the News convinced Gwin & Mays beyond doubt that the people read every line in the News. They caught suckers in great strings when they offered premiums to those who could tell the name of the president thirty-seven and a half years ago. Like most others the News reporter pulled the cork under by interpreting the question to ask who the president was at that time, and as said reporter in his younger days knew a few facts about history, he promptly answered "Grant." As a matter of fact the question had reference to the name of the present incumbent of the White house at that time, and so far as the records show, his name was Taft then as now. However, quite a number were too wise to be caught. They answered correctly and were rewarded for their shrewdness.

Ordinance No. 265.
An Ordinance levying and establishing a license tax on certain professions, occupations and privileges, in the City of Ada, Oklahoma, and declaring an emergency.

Be It Ordained by the Mayor and Councilmen of the City of Ada, Oklahoma:

Section 1. For the purpose of raising a revenue in the City of Ada, Oklahoma, there is hereby levied a license tax on each and every occupation, profession and business hereinafter named and carried on or maintained within the corporate limits of the City of Ada, Oklahoma, set forth in the following sections, which shall be paid annually in advance except as herein provided as follows:

Sec. 2. Agents and solicitors, transient, selling or taking orders for goods, wares and merchandise of whatever kind or character, delivering goods and merchandise at the time of taking orders, or where such agent or person has such goods, wares or merchandise stored in the City of Ada, at the time of selling or taking orders, per day, Five Dollars.

Sec. 3. Agents, transient, taking orders or subscriptions for newspapers and magazines, giving premiums where such premiums are delivered on the day or at the time when such orders for subscriptions are so taken, per day, Five Dollars.

Sec. 4. Auctioneers selling at public auction, goods, wares and merchandise of whatever kind or character, in the City of Ada, per day, Five Dollars.

Sec. 5. Peddlers selling ice cream, frozen products or soda pop, or other drinks known as cold drinks, or hot tamales, per year, Ten Dollars, provided, however, that the wares of such peddlers shall be at all times subject to the inspection of the health department of the City of Ada, and provided further, that such peddlers shall not remain or keep their wares in any one place on the streets, avenues or sidewalks of the City of Ada for a longer period than five minutes at any one time.

Sec. 6. Photographers, transient or traveling, per day, Five Dollars.

Sec. 7. Street Carnivals, per week, One Hundred Dollars. Provided, however, no carnival shall ever occupy a public street in the City of Ada.

Sec. 8. Exhibitions of small menageries not accompanying circuses or trained animal shows, per day, Five Dollars. Exhibitions of small menageries accompanying circuses and not connected with circuses or shows, per day, Five Dollars. Games, for each game accompanying a street carnival or show, per day, Five Dollars. For each street stand from which are sold or offered for sale any goods, wares or merchandise whatsoever, not otherwise provided for herein, for present or future delivery, per year, one Hundred Dollars; provided, that all such stands shall be under the control of the Chief of Police, whose duty it shall be to locate same on the streets and avenues in such places in his judgment as will least interfere with the public travel generally, and he shall have the power at any time to cause the location of same to be changed from time to time, or take up and cancel such licenses or privilege upon the failure of any such party to comply with the orders and rules fixed herein, or which may hereafter be fixed or given by the Chief of Police.

Sec. 9. For each peanut or popcorn wagon or machine, per year, Fifty Dollars, the location of which wagon or machine shall also be governed by the Chief of Police, as provided for street stands in preceding section.

Sec. 10. For each and every person commonly known as "street spellers" who go about the streets of Ada, crying aloud or speaking through a megaphone for the purpose of advertising any show or sale or for any other purpose, per day, One Dollar.

Sec. 11. For each and every person who from any stand or wagon shall cause to be collected around him, persons for the purpose of advertising patent medicines or goods,

wares and merchandise of any kind or character whatsoever, on sale by him or any other person or place within three hundred feet of said wagon or stand, per day, Ten Dollars.

Sec. 12. For every person, firm or corporation running a dray cart or wagon of any kind or character for the purpose of hauling goods, wares and merchandise, or freight of any kind for hire, shall pay for such privilege an annual license of Twenty-Five Dollars for each two horse wagon or vehicle so owned and operated by him; and for each one horse delivery wagon the sum of Twelve Dollars and Fifty Cents, provided, however, that persons desiring to operate more than one vehicle or wagon shall pay an annual license of Fifteen Dollars for each additional wagon or vehicle so used; and provided further, that every such license shall be numbered consecutively and shall be but for one vehicle, and the City Collector shall, at the expense of the City, furnish each person so licensed a number cut out of tin or other material at least three inches wide and six inches long, which number shall correspond with the number of the license and shall be affixed to and kept conspicuously displayed on the vehicle or wagon so licensed all the time such wagon or license is in force.

Sec. 13. For each agency or agent soliciting laundry for non-resident laundries, per annum, Two Hundred Dollars.

Sec. 14. Provided, however, that all scientific and literary lectures and entertainments shall be exempt from taxation; and all musical or other entertainments given by the citizens of this City, and all persons hauling dirt and cinders exclusively, shall be exempt from taxation under the provisions of this ordinance; provided, that this shall not apply to resident auctioneers, and provided further, that this ordinance shall not repeal any of the provision of Ordinance No. 162 of the City of Ada, except those in direct conflict with the provisions of this ordinance.

Sec. 15. That it shall be unlawful for any person or persons holding license issued under the provisions of this ordinance to transfer the same without filing with the City Clerk, written notice of such transfer, setting out in said notice the number of said license, and the person to whom same is transferred. And provided further, that no license shall be recognized by the city where the same has been transferred more than one time.

Sec. 16. The City Council of the City of Ada, shall have the right to revoke and annul any or all licenses issued under the provisions of this ordinance by paying to the person or persons holding the same, the amount due on the time expired.

Sec. 17. That the tax so levied and collected under the provisions of this ordinance shall be placed in the Salary Fund of the City of Ada, Oklahoma.

Sec. 18. Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than Four Dollars, nor more than One Hundred Dollars.

Sec. 19. For the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in force from and after its passage, approval and publication, as required by law.

Passed by the City Council and approved by the Mayor, this the 18th day of March, 1912.

S. E. CHAPMAN, Mayor.
Attest: W. B. JONES, City Clerk.

SEATS ON SALE AT RAMSEY DRUG CO.

Harris in New Quarters.

I. Harris is now thoroughly at home in his new quarters and his entire stock is conveniently arranged for handling on short notice. The new house is well lighted with two sky lights and rear windows, and is considerably larger than the former quarters of the store. Mr. Harris is a great believer in good show windows, and the ones in the present store were made according to his own notion and are filled with a fine display of spring goods tastefully arranged.

A pain in the side or back that catches you when you straighten up calls for a rubbing application of BALLARD'S SNOW LINIMENT. It relaxes the contracted muscles and permits ordinary bodily motion without suffering or inconvenience. Price 25c, 50c and \$1.00 per bottle. Sold by Ramsey Drug Co.

Listen Friends.

I don't want you to read this unless you have confidence in my word. For two years I suffered from a sore on my shin caused by an ax cut. I tried a great many remedies with no results. At last I went to Gwin & Mays, they sold me a box of "Gwin & Mays' Shin Salve," and the second 25c box cured that sore absolutely. I trust that my experience may help other sufferers.

Yours very truly,
LEWIS KEETHLEY

CAUSE SICKNESS

Good Health Impossible with a Disordered Stomach.

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. Three sizes 25c, 50c, and \$1.00 per box.
